Education

Alva's Institute of Engineering and Technology **2022–2026**
B.E. in Computer Science and Design Engineering – ***8.53 CGPA*** *Moodbidre, India*

Jawahar Navodaya Vidyalaya **2021–2022**
12th – PCMC – ***76.2%*** *Udupi, India*

Jawahar Navodaya Vidyalaya **2019–2020**
10th – ***78.3%*** *Udupi, India*

Skills

Programming: Java, JavaScript
Frontend: HTML, CSS, React.js
Backend: Node.js, Java, Spring Boot
Database: MySQL
Core: OOP

Projects

Study Material Management System *3 months*

Technologies: SQL, HTML, CSS, UI/UX

- Designed and developed a study material management system with a structured interface for organizing and accessing academic resources.
- Applied **SQL** for data management and implemented responsive frontend interfaces using **HTML** and **CSS**.
- Designed user-focused interfaces using **UI/UX** principles to improve usability and navigation.

Enhanced Emotion-Aware Conversational Agent Using Multimodal Deep Learning *3 months*

Technologies: Python, Machine Learning, HTML, CSS

- Developed an emotion-aware conversational system using **Python** and machine learning techniques to recognize emotions from user input.
- Implemented a **BERT-based text emotion recognition** module and integrated emotion-aware responses through a conversational interface.
- Developed a web-based demonstration using **HTML** and **CSS** and evaluated the proposed model with an overall accuracy of **87.2%**.

Experience

TAP Academy **6 months**
Full Stack Developer – Intern

- Developed web applications using **Java, SQL, HTML, and CSS** through hands-on full-stack development projects.
- Applied **OOP, DSA, and database fundamentals** to implement application logic and solve programming problems.

Rosette Smart Life **3 months**
Software Developer – Intern

- Developed responsive and reusable web components using **React.js** for user-facing application interfaces.
- Integrated reusable UI components with **backend APIs** to support dynamic application functionality.

MindMatrix, Product of CL Infotech Pvt. Ltd. **3 months**
App Development using GenAI – Intern

- Developed Android UI components and integrated **Generative AI** capabilities into application workflows.
- Integrated **APIs** and contributed to the development of an Android application through hands-on implementation.

Achievements

- Published a research paper in **IJARSCT** on advancements in Computer Vision and Graphics Systems.
- **NPTEL Elite Certified** in Cloud Computing.
- Completed industry-recognized certifications in **RPA, Cybersecurity, Data Science, UI/UX Design, and Web Development**.
